

KLEEN 116

Universal cleaning agent

KLEEN 116 has been developed to meet the requirements of a user-friendly ecologic product which is multifunctional (cleaner, degreaser, dissolver), based on bio-friendly raw materials.

KLEEN 116 is based on a blend of synthetic esters, non-ionic tensides, co-emulsifiers and different additives (all substances meet the latest health and safety regulations). All ingredients have been rated as easily biologically degradable according to the OECD-regulations.

KLEEN 116 can be further diluted to between 1:1 up to 1:10.
